RJR 7:05 A.M. SUNDAYS

Sponsored by the Assemblies of Christian Brethren in Jamaica

June 26, 1995

TO WHOM IT MAY CONCERN

**NORBERT ALOYSIUS THOMAS
MIAMI, FLORIDA**

This certifies that Norbert Aloysius Thomas has been personally known to me for more than fifteen years during which time we have worked closely in different facets of the electronic media.

Norbert became involved in the electronic media at about age 13 when he became a regular voice on a popular weekly Jamaican religious children's radio program which I produced and anchored: CHILDRENS BIBLE CLUB. He served with this program for about three years helping to compile the script and continuing as a regular voice.

We teamed up in the mid eighties on another very popular religious program LOOK AT LIFE where Norbert help to write and voice a special dramatic series targeting youths. For more than a year now he has acted as the Studio Engineer for the same program.

During these years Norbert has shown a unique measure of competence, both before and behind the microphone as well as with the studio engineering, which in my view are the hallmark of a true, professional.

I am happy to recommend him as a diligent worker and a team person. Yours

Respectfully,
Clyde Edwards
