To Whom It May Concern:

I was Norbert Thomas' supervisor for over four years. While I wished Norbert only the best and fully understand that he must advance his career, I'm truly sorry to see him leave Miami Dade College. It has been a pleasure having him on our team.

Norbert was a Producer with The School of Film and Video, later renamed The School of Entertainment and design Technology. Norbert's duties included supervising labs for audio and video non-linear editing and the graphics lab. I've received many compliments from our students who relied on Norbert's vast knowledge and experience.

Norbert was an excellent mentor to the students. He took extra time with student who needed the help and was very patient with them. He also encouraged students who were behind in projects to continue and finish their work. He was always very helpful

I highly recommend Norbert and hope you will find his qualifications equal to your position opening.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michael Colacurto', written over a white background.
